Site Selector for Students

Summary

This guide on the HSPnet Site Selector explains how to:

1. **Search** placements or offers that are available for an upcoming course
2. **Select** and rank available placements (e.g. 1st choice, 2nd choice)
3. **Update** your saved choices before the Site Selector deadline (closure date)

Background

Your educational program is using HSPnet to coordinate practicum experiences for students, and has setup access for students to view their upcoming placements and placement history. The program is also setup to allow students to view available placements and to enter their ranked choices for an upcoming placement.

Step 1 – Login to HSPnet

- a. Visit the HSPnet website at www.hspscanada.net and click your province on the map of Canada
- b. Login with you User ID (student number) and password (see the Quick Reference Guide *Student Access to HSPnet* if this is your first login).

Step 2 – View Your Messages

Upon successful login you will be directed to your Welcome Screen, which will default to the **Messages** tab. Each course in your curriculum that is setup for online selection by students will display dates for when the Site Selector will be Open and Closed. Click [Go to Selector](#) for any course that is open for selection.

Site Selector for Upcoming Courses [Quick Reference Guide](#)

Course	Placement Start Date	Site Selector to be Open	Site Selector to be Closed	Current Status
Pharm505	Apr 19/10	Jan 14/10 - 0000 Hrs	Jan 26/10 - 2000 Hrs	Open
Go to Selector				
Pharm515	Jun 7/10	Apr 26/10 - 0800 Hrs	Apr 30/10 - 2100 Hrs	Not yet open

Step 3 – View the Site Selector

The Student Selector screen offers a dropdown of courses and is divided into two sections for each course:

- **My Saved Choices** – a list of any placements saved so far, and their ranked order
- **Search Available Placements**
 - Statistics on the total number of placements available, and any added since your last login
 - Filters to limit your search results by name, region or zone, city, or dates.
 - A filter for Experience code will display if your educational programs categorizes placements by type of experience to be offered (e.g. geriatric, musculoskeletal).

Step 4 – Search and Select Available Placements

- a. Enter one or more search criteria to narrow your search:
 - Enter text to search Agency/Site name or City – in the above example “Vanc” is entered in the City field to search for placements in Vancouver – or leave the field blank to search all
 - Select a Zone to filter to a geographic zone such as South or Lower Mainland.
 - Select a Placement Date to filter only on a single Rotation for the course.

My Saved Choices		Show Classmate Statistics				
Rank	Placement Site	Address	Schedule	Experience	Ref#	Action
1	Agency: Vancouver Coastal Health Authority Site: Richmond Hospital Dest: ICU	Zone: LowerMainland 5000 Westminster Highway Richmond, BC V5Z 2X2	Start: Jan 1/10 End: Apr 30/10	Sports Medicine	6635	Remove
2	Agency: Rehab - Private Site: Main Street Physio Dest: Clinic	Zone:	Start: Jan 1/10 End: Apr 30/10	Private Practice Population: Various ages	6656	Remove

- b. Click **Search** to display a list of matching placements
- c. View more information for any placement by clicking [Site](#) or [Dest](#) to view the online profile for the Site or Destination including website links, uploaded documents, and program descriptions.

NOTE: Page links will be displayed if more than 10 matches are found; click [Prev](#) or [Next](#) to view additional results, or use filters to narrow your search results.

- d. Click [Save to Choices](#) to select a placement as Rank #1. Subsequent selections will be added to the list and assigned the next available rank (e.g. Rank #2 for the second selection).

Step 4 – Finalize Your Saved Choices

- a. To change the order of your choices, edit the **Rank** dropdown and click **Save Changes** when done. In the example below, the bottom row will move to 1st choice after saving.

My Saved Choices [Show Classmate Statistics](#)

Rank	Placement Site	Address	Schedule	Experience	Ref#	Action
2	Agency: Vancouver Coastal Health Authority Site : Richmond Hospital Dest : ICU	Region:	Start: Jan 1/10 End: Apr 30/10	Sports Medicine	6635	Remove
1	Agency: Provincial Health Services Authority Site : BC's Children's Hospital Dest : Rehab	Region:	Start: Jan 1/10 End: Apr 30/10		6651	Remove

Save Changes

NOTE – you may need to change two or more Rank dropdowns to ensure there are no choices with a duplicate rank.

- b. Before finalizing your selections it may be useful to view statistics on the current selections of your classmates (if this feature has been enabled for your course). Click [Show Classmate Statistics](#) to display the number of students that have selected the placement in the same rank, or in any rank:

My Saved Choices [Hide Classmate Statistics](#)

Rank	Placement Site	Address	Schedule	Experience	Ref#	Action
1	Agency: Vancouver Coastal Health Authority Site : Richmond Hospital Dest : ICU	Region:	Start: Jan 1/10 End: Apr 30/10	Sports Medicine	6635	Remove
# Classmates with same rank: 0		# Classmates in top 5 choices: 1				

Your Saved Choices do not need to be “submitted” before you logout or before the Site Selector closes; every time you add or change your choices, they are automatically submitted and available to your educational program to guide student assignment after the Site Selector is closed.

When students have been assigned to placements, your confirmed placement will be displayed in the tab **Upcoming Placements** (see the Quick Reference Guide for *Student Access to HSPnet*).
